Region IV Health Departments & Child and Family Health Services Projects.....	42

### Resource Directory Disclaimer

*This directory is in no way intended to be inclusive of all perinatal, maternal and/or human services agencies in the Ohio Perinatal Region IV area. In addition, listing of an agency in this directory is not an endorsement of its work, nor is the exclusion of an agency a disapproval of its work. The developer of this directory makes no representation that it is absolutely accurate or complete. Errors and omissions, whether typographical, clerical or otherwise may sometimes occur and may occur anywhere within the body of this publication. The developer does not assume, and thereby disclaims any liability to any party for any loss or damage by errors or omissions in this publication, whether such errors or omission result from negligence, accident or any other cause.*

*The content of the Resource Directory is a direct result of responses to e-mailed surveys to regional birthing hospitals. Information is recorded in the directory as received and not all hospitals in the region returned information. Health Department and CFHS information was input from previously received material. The directory is intended only to be a "tool" to facilitate services access. Users are encouraged to call and to verify information regarding specific services.*

Nationwide Children's Hospital

700 Children's Drive

Columbus, Ohio 43205

The State of Ohio is divided into six Regional Perinatal Centers that have been funded since 1976. The Regional Perinatal Center Program is designed to promote access to evidence-based and risk-appropriate perinatal care to women and their infants through regional activities with the goal of reducing perinatal mortality and morbidity. All maternity and newborn care hospitals, local health departments and other public health entities are assisted by the Regional Perinatal Centers Program.

Overall, the regionalization of perinatal care promotes system development and coordination across the complex array of public health and medical care services and providers. The overall goal is to reduce perinatal and infant mortality and morbidity.

### Counties Served by the Region IV Perinatal Center

Athens, Belmont, Coshocton, Delaware, Fairfield, Fayette, Franklin, Gallia, Guernsey, Harrison, Hocking, Jackson, Jefferson, Knox, Lawrence, Licking, Madison, Marion, Meigs, Monroe, Morgan, Morrow, Muskingum, Noble, Perry, Pickaway, Pike, Ross, Scioto, Union, Vinton, Washington, and Wyandot.

### Perinatal Education Consortium of Central & Southeastern Ohio

The Perinatal Education Consortium of Central & Southeastern Ohio (PECCSO) is a collaborative effort of perinatal professionals who represent birthing hospitals and Children's Hospital in the Region IV outreach area. The goal of PECCSO is to provide consistent evidence based education through regional partnership.
