

Radiology Observation Opportunities

The OSU Medical Center is pleased to provide opportunities for students pursuing careers in Allied Health professions to obtain observation hours. Listed below are the radiology units where students can obtain observation hours and whom to contact.

OSUMC Main Campus:

Radiology includes the following areas: Diagnostic radiology, Cat Scan, MRI, Ultrasound, Nuclear Medicine, and Interventional radiology

Observation Hours at University Hospital are available Monday – Friday 8AM to 4PM. Tammy's hours are 8:00am – 3:30pm only.

To see if they are able to accept you for observation hours, send one email to Radiology Administration addressed to: Tammy.bush@osumc.edu

OSU East:

Radiology observation opportunities are also available at OSU Hospital East, located at 1492 E. Broad St. Observation hours are available Monday – Friday, between 8 am and 4 pm.

To see if they are able to accept you for observation hours, please call the Radiology Department at OSU Hospital East at 614-257-3660.
